Please find below and/or attached an Office communication concerning this application or proceeding.

The time period for reply, if any, is set in the attached communication.

Notice of the Office communication was sent electronically on above-indicated "Notification Date" to the following e-mail address(es):

patentdocket@oblon.com
oblonpat@oblon.com
jgardner@oblon.com

Attachment to Advisory Action

1. Applicants' amendment filed 8/22/2011 has been fully considered; however, the amendment has not been entered given that it raises other new issues that would require further consideration and/or search. Specifically, Applicant has amended the scope of claim 1, so that the range is 10 to 40 instead of 5 to 40. This range had not been presented previously and would require further consideration and search.
2. It is the examiner's position that the further consideration and/or search would result in the claims remaining rejected. It is well known in the art to use a metal hydroxide, such as aluminum hydroxide, as a flame retardant. Addition of more flame retardant material results in increased flame retardancy in the product in which the flame retardant is used. Addition of less flame retardant would provide a product with better structural properties.
3. Applicant's response filed 8/22/2011 has been fully considered but is not persuasive.
4. Since the amendment is not being entered for the reason given above, those arguments by the Applicant that concern the proposed amendment are rendered moot and thus need not be addressed. It appears that all the arguments are directed to the proposed amendment.

Conclusion

Any inquiry concerning this communication or earlier communications from the examiner should be directed to ROBERT C. BOYLE whose telephone number is (571)270-7347. The examiner can normally be reached on Monday-Thursday, 9:00AM-4:00PM Eastern.

Art Unit: 1764

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Vasu Jagannathan can be reached on (571)272-1119. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only. For more information about the PAIR system, see <http://pair-direct.uspto.gov>. Should you have questions on access to the Private PAIR system, contact the Electronic Business Center (EBC) at 866-217-9197 (toll-free). If you would like assistance from a USPTO Customer Service Representative or access to the automated information system, call 800-786-9199 (IN USA OR CANADA) or 571-272-1000.
